Evergreen Memorial Celebrate "Dependence Day"

This Sunday, July 2, is Dependence Day at the Evergreen Memorial Baptist Church, 39th and Montgomery.

This day begins Beat the Heat MONTH being held during July.

Uncle Sam will be present throughout the day to meet each person attending the Sunday School and Church service. In addition two powerful dramatic, timely new films will be shown at the 7:00 o'clock evening gospel hour.

The setting for the film "Brink of Disaster" is a library on a University campus beset with violent revolutionaries. A Vietnam vet who may or may not be typical of his generation is visited by an ancestor out of the past. And, as revolutionary violence flames on the campus, the student-GI a Professor of History, and a character returned from history hold a colloquy that may be vital to the survival of our nation.

The sequel film, Tragedy or Hope, reveals the GI student to be a revolutionary who is given a chance to reconstruct his values. What happens when he is confronted by three ancestors of the spirit world, and a history professor who relates the positive facts about America in the decade of the 70's, clears away his warped assessments of the American system, brings the story line in these two films to a powerful, dramatic conclusion-with hope for the future.

Attend Sunday School and Church this Sunday at the Evergreen Memorial Baptist Church. Sunday School begins at 9:30 a.m Morning Worship at 10:45 a.m. and the Evening Gospel Hour at 7:00 p.m.

Ray Dickson's Festival:

The Show Will Go On!

Hobart's "Now and Then" Music Festival, featuring 125 years told in music will go on as planned, although the one who developed the program and obtained the performers will be present only in spirit.

With the untimely death on June 21st of Hobart's best loved promoter, Ray Dickson, there was hesitation about holding the festival, but his family and those who have known him well have all insisted that the "show must go on" in true fashion.

The program, which opens at 3 p.m. on Sunday, July 2nd at Brickie Bowl will feature civic minded artists who are contributing their talents, to quote Dickson's notes in the program, "are presenting a program of entertainment as a civic contribution to the civic spirit of the people of Hobart and their visitors from neighboring communities.

Among the musical treats in the program are the St. Sava Tamburitza Band, the St. Sava Folklore Dancers, the Chopin Choir, the Chorus of the Dunes, the Harmony House Symphonic Accordian Band, plus guitar and banjo as well as vocal soloists.. A rock group, under the direction of Don Caldwell will play a selection of the "Now" songs.

Mrs. Henry Lizek and Don Marovich as well as Dr. Richard Herrick and Michele Potts are among the soloists who will contribute their talents for the old fashioned fun.

Refreshments will be sold by the Business and Professional Women. Admission is free, although a donation will be begged to build a bigger festival next year.

Lt. Jim Davis, Civil Air Patrol Squadron Commander, is scheduled to perform his famous aerial comedy antics in a C.A.P. search aircraft.

His performance begins at 12 noon on July 2nd at the Hobart Airport on N. Lake Park Avenue., just north of US 6.

Although the basis of the act is a stranger who allededly does not know how to fly, it is in rality a demonstration of the capabilities of search and rescue aircraft and the skill of the pilots who fly them.

The act demonstrates the type of maneuvers necessary to perform low level searches, but with a few added antics such as flying sideways and one wheel tough and go landings.

Lt. Davis is the Commanding Officer of the Knight Hawk Squadron and has flown more than 60 search and rescue sorties in the past years. He started flying light planes in 1952.

A Hair Raising Story

Past the Age of Aquarius

A convincing but really sick character with a fixation over long hair wrought havoc in the lives of 7 Hobart girls last Friday night by talking them into cutting their hair.

Police began receiving reports shortly after noon from tearful teenagers who had acceded to the telephone demand that they cut their hair. The caller frightened each of the victim with the news that her Father was in the hospital and going on with variations to indicate a contagious parasite necessitated that they cut their long hair immediately or a "matron from the hospital would be out to shave their heads.

The caller, using impressive "medical" terms, according to the victims, tried to keep the phone open until he was assured the hair had been cut. Then he announced "it was all a joke."

At one home the family was talked into cutting the hair of all four daughter, aged 6, 13, 14 and 17. At another a 15 year old who cried to police that it had taken four years to grow her hair as long as it had been also was talked into cutting the hair of her 13 year old sister. In one instance he told his victims to put the hair in paper bags andleaveit on the front porch.

Detectives throughout the area have been seeking a caller with a "thing" about hair off and on for three summers, Hobart Chief Bob Frank has stated. In each case there seems to be no common thread between the victims, but this year's cruel nut seems to know the family names of his victims. He usually identifies himself as a doctor in the calls.

Shrine Club to March

The Hobart Shrine Club will participate in three parades over the weekend of July 4th. Acaravan will leave from the Masonic Temple at 10:30 a.m. Saturday, July 1st for a parade in Michigan City. On Tuesday, another caravan will leave the Masonic Temple at 8:30 a.m. to participate in the parade in East Gary, following which the Shrine Club will return to Hobart to enter the Hobart Fourth of July Parade.

Any Shrine Club member wishing to join the Club in the parades but lacking transportation will be welcome to come to the temple before the starting time and car pools will be arranged.

Struck by Flying Bucket

Freda Nelson, 78, 20 N. Illinois was cleaning her hedge along the alley behind her home Sunday when she was struck and knocked down by a flying bucket. Connie M. Craig, 24 N. Illinois who reported the mishap to the police, stated that she had just turned her car into the alley when it struck the bucket in the middle of the road, causing it to fly at Mrs. Nelson. The victim visited her family doctor with her injuries to her hip and both legs.

Letters to the Editor

After having made my home in Valparaiso for several years, I am returning to Hobart and will be living with my parents. I have never lost touch with my hometown because most of my real friends are still here. Mother saves back copies of the "Hobart Gazette" to which she subscribes It's always fun to read about people and places dear to my heart. As of late, however, I've been really angry because I think your paper is making a real effort to slam somebody who has done a lot for the city. What has Oolah Evans done that you choose not to have any pictures or articles about her in your paper? You used to give her a lot of attention all of which was rightly hers. Now week after week ther's nothing about her except her signature to some legal document that you print. I have persuaded Mother to drop her subscription to your paper unless you change your policy. Could it be that you don't like her politics? Are you jealous of Oolah?

What is it? If you want to lose a subscriber, just keep on ignoring her. By the way, Iam not alone in feeling this way. I am sure that after you print this letter, you'll have a lot more like it coming through the mail.

Sincerely,

Name withheld on request.

Asks Summer Program For Retarded Children

BILL OSBORN

"Hobart has never done its share in the recreation for retarded children."Mrs. Sharon Bailey made this statement in regards to money and facilities that Hobart hasn't provided for the retarded children of Hobart.

Mrs. Bailey, spokeswoman for the parents that have retarded children in Hobart, appealed to the city council at last week's meeting to provide $2,000 so that the park board could fund a summer recreation program for 11 trainable retarded children who live in Hobart.

During the regular year, these children attend school at South Ridge Elementary School in Highland. This school is under the direction of the Northwest Indiana Special Education Cooperative(NWISEC).

This program is the effort of the area communities that have retarded children.

As of now, there is no program that these children can fit into.

At a cost of $270 per child the $2,000 would not cover the entire expense. The difference would be made up by various organizations in the area.

Mrs. Bailey was "not asking the city to take complete responsibility, just a fair portion of the cost. If the money is alloted, the same facilities that are used during the regular year would be made available for the summer program.

The summer months when these children are not in school, a majority of them are not able to retain what they have learned because they are not active in any kind of program. It's this period of inactivity that Mrs. Bailey wants to eliminate so that what is gained during the regular year isn't lost during the summer.

The request was made for the 1973 school year.

Farewell Party for Din

Friends of Din bin Jusoh, better known as Din, are invited to a farewell party on July 2, between 5 and 9 o'clock at the George Dettweiler home home at 200 S. Californaia Street, where Din now makes his home.

Din is anxious to visit with his Hobart friends before his departure. Adult friends as well as school mates are cordially invited.

This year Hobart was fortunate in having two A.F.S. studentsAngie Dettoni who has been with the Charles McColloughs is from Brazil, and Din bin Jusoh who has been with the George Dettweilers is from Malaysia.

Both young people will be on hand for the July 4th celebration, but they have to be in Indianapolis at 7 a.m., July 5 where they will leave for an extended bus trip to various cities in Indiana. Angie and Din will be part of a bus load of A.F.S. students who will be on the last leg of their American stay. About 3,000 A.F.S. students all over the country will be leaving the U. S. for their respective countries within the next several weeks. Each of them will be carrying with him impressions of the United States. At the same time many Americans Abroad will be returning to homes in the United States bringing with them a better understanding of the world and its people.

Hobart has been quite fortunate in its A.F.S. program; however it is only through your moral and financial support that this program can suceed in the future as it has in the past.

Whistle Stop...

. . . maybe true years ago . . . but not quite an accurate description today.

Hobart has experienced some drastic changes over the last 125 years. One was the opening of Hobart Federal Savings.

As Hobart grew . . . so did its people . . . so did its people's problems. That's why we're here. To help people.

Whatever your financial needs might be . . . building a new home, buying . . . or helping you earn money while you save, you can always count on Hobart Federal.

Whenever you're ready to talk, we are.

Just give us a whistle.

Passenger, 92

Hurt in Crash

Emma Smith, 92, was suffering from head and neck pains after a freak accident at Kelly and Home Ave. Sunday afternoon. She was a passenger in a car driven by Elsie Bashford, who stopped her car at the intersection when she felt a cramp in her leg. The Bashford vehicle was struck in the rear by a car driven by William Thorgren, 210 N. Linda Street. He did not expect the car to stop in front of him, Thorgren told police.

Heritage Club Activities Cited in Annual Reports

The June meeting of the Hobart Heritage Federated Woman's Club was called to order by president Mrs. Richard Nelson in the home of Mrs. Terry Storey. Devotions were given by Mrs. Lyle Hatten.

Yearly reports were given by outgoing officers. New officers then assumed their elected offices and new business was conducted.

Mrs. James Wells, corresponding secretary, announced the receiving of thank yous from Mrs. Taylor for the swimming time at the YMCA purchased for the students of Lake Shore School, and for the contributions to the Save the Dunes Council.

Mrs. Daniel Kozlowski, chairman of International and Public Affairs department, thanked the club members for Mrs. Peggy Burke for the recent clothing and toy donations which the club collected for the Holt Adoption Agency of Korea.

Chairman of the scharship committee, Mrs. Mark Pflughoeft reported that the recipient of the Hobart Heritage Federated Woman's Club $1000 scholarship was Roberta Paterson who will attend DePauw as a pre-med student. The winner of the clubs vocational scholarship was Jeanne Homan who will attend Patricia Stevens Career College in Milwaukee for secretarial training.

Mrs. Wells reported for the Beautification committee that flowers had been planted near the benches at the Old Mill Park.

Ms. Clifford Fackler, chairman of Operation Identification, reported that the 18 engravers and 5000 window stickers have been placed at the Hobart police Station and will be available Hobart residents after June 16, 1972, that 34 hundred notices were given to Hobart school children and that notices have been given to Mrs. Robert Allen for use in the Welcome Wagon program.

Mrs. Justin Warner, President of Lake County Federated Woman's Club requested that the club be hostess for a Procedure and Protocol workshop on September 14, 1972. Chairman of the workshop committee will be Mrs. Ted Wagner assisted by Mrs. Charles Hallas, Mrs. Greg Cynova and Mrs. Storey.

It was announced that the new Lake County Public Affairs chairman is Mrs. Mason and that a mid-summer workshop will be held August 9, 1972 at Carson Inn.

Hostesses for the evening were Mrs. Lee Lovall, Mrs Hallas and Mrs. Alan Topping.

Fair Benefit

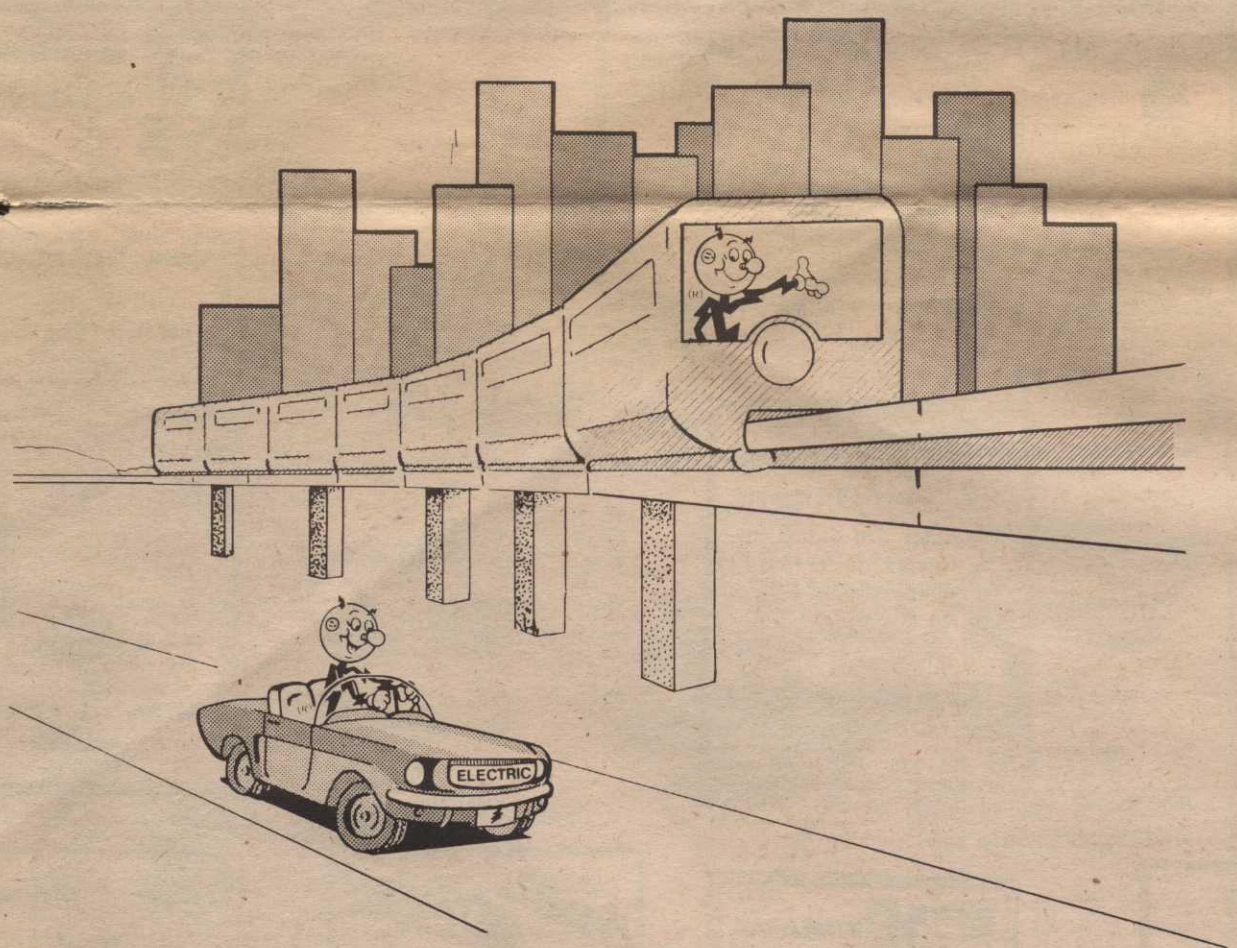
"BJ and the Dirty Dragon" was responsible for the Fun Fair for the benefit of muscular dystrophy held in Ainsworth on Tuesday afternoon. A group of 3rd through 6th graders at John Wood School in Ainsworth worked for several days readying the Richard Porter backyard for the fair.

Putting in many hours for the fair were Debbie and Cindy Buchfuehrer, Tammy Nelson, Gail and Julie Porter, Susan and Cindy Leake, Gail and Karen Iussig, Leanne Karrle, Joel Wesley, David Nowlan, Susan and Brenda Dobry, Debbie Homeier and Pam Beck.

Mothers who helped set up and furnished cupcakes for the affair were Mrs. Nancy Leake, Mrs. Arlene Karrle, Mrs. Judy Porter, Mrs. Joan Boyd, Mrs. Jean Jolly, Mrs. Shirley Buchuehrer, and Mrs. Grace Nelson.

Electric Energy is a

SMOG OUSTER



Almost 50% of the pollutants in the air are caused by the increasing number of vehicles that are traversing our highways and city streets. And with more people buying more automobiles and trucks every year, the air pollution problem seems unsolvable.

But electric energy to the resuce! Pollution-free mass transit systems and individual cars and vans—powered by electricity—can help alleviate the growing amounts of pollutants in our air.

Electric energy will continue to be part of the answer to solving our air pollution problems—just as it will in recycling trash into usable raw materials, ridding the landscape of abandoned automobiles, powering pollution abatement facilities at mills and plants and operating new and more efficient sewage treatment plants.

More electricity—a lot more—is needed to help solve our pollution problems. This is why NIPSCO is planning and building today to meet these tremendous energy demands for a cleaner, healthier tomorrow.
